

The Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear The Federal Communications Commission,

Dear Mr. Martin,

I would not be able to afford any more then what I already pay. Me and my wife are disable so we only get so much a month we need our cell phones so when we are out and about with appointments. I think the Fair Share Plan is a good Idea please i ask of you dont not raise it I need my cell phone because my wife is very sivk if she needs me she can call me or if she ends up in the hospital i can be contacted by the ER. Please think of the Fair Share Plan and use that not raising our taxes on us.

Thank you for your time.

Thomas Petrimoulx Bay City MI

Sincerely,

Thomas Petrimoulx
